Wayne State University welcomes transfer students from Lake Michigan College. Students are eligible for admission to the university, though not directly into certain professional programs, once they have earned 12 transferable hours with a cumulative grade point average of 2.0 or better at Lake Michigan College.

Please visit http://www.transfercredit.wayne.edu for more information about transferring to Wayne State University. To request an Application for Undergraduate Admission, please contact Wayne State University toll-free at (877) WSU-INFO or apply online at http://www.admissions.wayne.edu

The following table contains courses offered at Lake Michigan College and details how they transfer to Wayne State University. The table is based on the 2010-2011 Lake Michigan College Catalog and the 2011-2013 Wayne State University Undergraduate Bulletin.

Answers to Frequently Asked Questions

- Wayne State Transfer Credit contact: Colleen McIlwain (313) 577-9606
- Transfer hours equal the credit hours for which the course was offered at Lake Michigan.
- Not more than 64 hours from a two-year school will apply toward a Wayne State University degree, though all earned hours which transfer will be listed on the student’s Wayne State University transcript.
- The two-character code in parentheses that precedes the course name indicates the General Education requirement satisfied by the course. For more information on General Education categories, please see the following pages.
- If nothing appears in the “WSU COURSE” column of the table, then the course does not transfer.
  - Many technical courses transfer only to the Engineering Technology program at Wayne State University. Please consult the ET table at the end of this guide for a list of these courses.
- The designation “1XXX” or “2XXX” indicates a course that is not directly equivalent to any course offered at Wayne State University, but that will transfer as elective credit at the 1000- or 2000-level.
- A Wayne State University subject area code beginning and ending with “X” designates a subject not taught at WSU but for which elective credit is granted.
General Education Requirements

The two-character code in parentheses that may precede the name of a course in the following table indicates the university General Education requirement satisfied by that course. These requirements are divided into three groups:

1. COMPETENCIES (to be completed prior to attaining 90 credit hours)

All Wayne State University students must complete the General Education requirements. There are opportunities to fulfill some General Education requirements by means of taking competency exams. However, please consult an academic advisor before making plans to fulfill a university General Education requirement with an exam because individual colleges may require courses specific to a particular degree that satisfy General Education requirements, making such an exam unnecessary.

In general, each General Education requirement needs to be satisfied once, but some colleges have additional requirements.

For the purpose of satisfying Group Requirements, students may elect no more than two courses from a single subject area (as defined by the Wayne State University system of Subject Area Codes, which are the letter prefixes to course numbers). The designation “(+Lab)” indicates that a course, which does not satisfy a General Education requirement, does have a lab component.

Detailed curriculum guides exist for many programs. Requests should be directed to the following persons:
